

LEUCCI COSTRUZIONI

“Company Presentation”

Leucci Costruzioni SpA is a metalworking manufacturing:

- ☐ Towers for wind turbine generators
- ☐ Evaporators for desalination plants
- ☐ Hastelloy coating of medium and large diameter pipes
- ☐ Desulphurisation plants
- ☐ GPL storage tanks
- ☐ Heat exchanger and condenser
- ☐ Medium and large diameter pipeline
- ☐ Process piping
- ☐ Drums, reactors, tanks, columns, vessels and process equipment
- ☐ Filters and de-gassers
- ☐ Fixed top tanks (vessels)
- ☐ Process skids

The company was founded in 1961, in the industrial area of Brindisi, and has had a considerable development, due to the important activities of prefabrication and erection for the Petrochemical plant of Brindisi; it includes:

- ☐ Metal structures and carpentry
- ☐ Process and transfer piping
- ☐ Tanks
- ☐ Pressure columns and vessels
- ☐ Heat exchangers
- ☐ Revamping and maintenance

From 1974, once finished the plants within the new industrial plant, the company looked for new space in the national market, taking part in important projects, in the energy sector, for Enel and their Thermoelectric power stations of:

- Rossano Calabro
- North Brindisi
- Tavanzano
- Porto Tolle
- Sermide
- Monfalcone

For the above-mentioned plants Leucci Costruzioni manufactured the following components:

- piping for circulating water (diam. > 2.000 mm) for setting and wasting;
 - low pressure cycle vessels;
 - air, water and several facilities for low pressure cycle;
- For the North Brindisi Enel Power Station, Leucci also carried out the prefabrication and erection of:
- 1 & 2 Groups electrical precipitators for fume ashes
 - low ash conveyer plant
 - heavy ash conveyer plant

In 1986 Leucci Costruzioni joint FOCHI Spa Group of Bologna and began to supply important projects for the South Brindisi Enel Power Station, which included:

- setting and wasting piping for circulating water (diam. 3.200 mm.)
- coal bunkers
- fume conduits
- Wall Papering System Hastelloy internal coating of fume conduits
- 1÷4 group low pressure cycles
- tanks
- limestone storage bins (o vessels o tanks)
- 1 ÷ 4 group desox plants (scrubber and prescrubber)
- waste treatment plant

At the same time, Leucci carried out important supplies for the Brindisi Petrochemical plant, the most important of these were:

- Metal structures for cryogenic plant
- 5000 mc tanks
- Cracking plant columns (diam. 3.000 mm; h= 40 m)
- Ethylene plant pipe rack
- Cracking furnace transfer line
- Mud treatment biological plant

Other important projects completed in Italy and abroad, include:

- 320 MW register beams in Fakkara (India)
- Industrial plant process piping in Trecate (Novara - Italy)
- Industrial plant air cooler in Australia
- GPL storage tanks (no. 4 for overall 2.000 mc) in Montalto Uffugo (Cosenza - Italy)
- Agip oil refinery heat exchangers in Taranto (Italy)
- De-salination plant evaporators, C.A, B.H. and de-aerator in Mifra (E.A.U.)
- Plant tanks in Siria
- Skid pumps for Nuovo Pignone
- Enel Power station fixed top tanks in Termini Imerese
- GPL storage tank (no. 4 for overall 2.000mc) in Sannicandro (BA)
- Boilers external piping in Zaharani
- Boilers external piping in Beddarwi
- De-salination plant evaporators, C.A, B.H and de-aerator in Shariah (E.A.U.)
- C.S. & S.S. process piping (500 t nearly) in Amoco Chemical Belgium

Beginning from 1/1/1998 Leucci Costruzioni, after a company restructure, carried out most important projects in renewable energy (wind towers, desalination plants), pressure vessels and heat exchanger, process piping, complex structures, service and plants maintenance, that place Leucci Costruzioni as leader of national and European metalworking market.

In 1998:

- Desalination plant CS piping CuNi plated (diam. 1.200 mm) in Sharjah
- Hastelloy C22 and Wall Papering System internal coating of ducts-chemney junctions of Enel Power Station in Vado Ligure
- API suction chamber and circulating water diffuser in Falconara
- Supply of pressure vessels in Azito (Costa d'Avorio)
- Supply and erection of no. 10 towers for wind turbine generators c/o the wind park of San Benedetto Val di Sambro (Bologna - Italy)
- Revamping of Enichem MDI plant in Brindisi
- Construction of desalination plant evaporator and water boxes in Gela (Sicilia- Italy)
- Construction of Power station boiler external piping in Saras (Sardegna - Italy)
- Wall papering System conduits coating c/o Enel Power Station in Vado Ligure
- Wall Papering System conduits coating c/ Enel Power Station in San Filippo del Mela (Sicilia - Italy)
- Supply and erection of no. 10 towers for wind turbine generators c/o wind park in Celle San Vito (Foggia - Italy)

In 1999:

- Supply and erection of no. 15 towers for wind turbine generators c/o wind park in Rocchetta Sant'Antonio (FG - Italy)
- Desox plants Gr. 1-2 revamping c/o Enel Power Station in South Brindisi
- Supply of no. 8 70 m³ vessels in Bahrein
- Construction of no. 2 evaporators for desalination plant in Shoaiba
- Maintenance of Gr. 1 and 2 boiler c/ Enel Power Station in South Brindisi
- Supply of no. 14 sand filters (diam. 5.000 mm)

In 2000:

- Supply of no. 11 towers for wind turbine generators c/o wind park in Sclafani Bagni (Palermo - Italy)
- Maintenance of Gr. 1 and 2 Desox plants c/o Enel Power Station of South Brindisi
- Supply of CERTEM Plant heater, conduits and chimney c/o ENEA research centre in Brindisi
- Desalination plant Chemical measuring skids in Shoaiba
- Suction hose filter for plant in Egypt
- Booster repair c/o Enel Power Station in South Brindisi
- Gr. 3-4 desox plants revamping c/o Enel Power Station in South Brindisi
- Gr. 3-4 Desox internal parts Hastelloy coating c/o Enel Power Station in South Brindisi

In 2001:

- Supply of no. 11 tower for wind turbine generators c/o wind park in Carlentini (SR - Italy)
- Supply of no. 2 towers for wind turbine generators c/ wind park in Frigento (BN - Italy)
- Construction of no. 14 45t RTG (Rubber Tyred Gantry)- container cranes
- Remaking of Gr. 1-2 Desox plant superalloy (NIROSTA) spraying benches c/o Enel Power Station in South Brindisi
- Gr. 4 boiler BP e MP drums in La Casella
- Construction of 3[^] Evaporator(II phase) for desalination plant in Shoaiba
- Supply of Chemical measuring skids (II phase) in Shoaiba
- Supply of brine heater for Shoaiba (II phase)
- Booster repairing c/o Enel Power Station in South Brindisi

In 2002:

- Supply of no. 21 towers for wind turbine generators c/ wind park in Ginestre degli Schiavoni (BN - Italy)
- Gr. 3-4 desox plants revamping c/o Enel Power Station in South Brindisi
- Construction of no. 3gip evaporators in Libia.
- Hastelloy Internal coating of C.S. blow-by piping, 32", of gr. 1-2 desox plant c/o South Brindisi Enel Power Station.
- Supply of no. 24 towers for V52 wind turbine generators c/o wind park in Sicilia.
- Replacement baskets GGH line A sez.2 of CTE Brindisi Sud.

In 2003:

- Maintenance pressure parts of boiler CTE Brindisi Sud
- Low pressure pipino for Desox & T.S.D. plants, CTE Brindisi Sud
- Prfa piping De-salination plant Agip Lybia
- Maintenance GGH lines A&B gr. 1-4
- Supply of no. 8 towers V47 da 50M (Vestas) for Volturino wind park (FG - Italy)
- Maintenance Booster Desox plants.
- Supply of no. 9 Towers V52 55M(Vestas) for Caltavuturo (PA) and Valledolmo (PA) - Italy
- Supply of no. 2 Towers V47 40M (Vestas) for Santagilla wind park (CA-Italy)
- Supply of no. 3 Towers V52 55M (Vestas) for Cozzo Minturno wind park (PA- Italy)
- Supply of no. 12 Towers V52 55M (Vestas) for Nurri wind park (NU- Italy)
- Supply of no. 8 Towers V52 55M (Vestas) for Ginestra degli Schiavoni wind park(BN-Italy)
- Supply of coal's unloading hopper Enel BR/Sud
- Supply of no. 2 Tanks of 25.000 m3 for Arzew (Algeria)
- Supply of no. 7 Towers (Vestas) for Cozzo Vallefondi wind park(PA-Italy)
- Supply of no. 17 Towers V80 67M (Vestas) for Andretta Bisaccia wind park (PZ-Italy)
- Supply F.C. of n.3 silencer for Channel Enel Tavazzano

In 2004:

- Supply of no. 7 Towers for Pietramontecorvino wind park (FG-Italy)
- Maintenance on Desox plants c/o la CTE Enel di BR/Sud
- F.F.C. of 4 filters Desox for section 3 e 4 of CTE Enel di BR/Sud
- Supply of no. 9 Towers for Baglio Nasco wind park (TP- Italy)
- Replacement manifold alim. 3° lev. Desox sec.1 – Hastelloy wallpapering.

- Maintenance Adsorber Desox Gr.1-2
- Supply of no. 22 Towers for Pietramontecorvino wind park (FG- Italy)
- Supply of 4 Roller's positioning pair for TSM Brindisi
- Supply of 5 towers stock (VESTAS)
- Supply of 1 evaporator Shoaiba stage 2 – phase 1
- Supply of no. 11 Towers for Troia wind park (BA- Italy)
- Supply of no. 25 Towers for Ulassai wind park (NU- Italy)
- Supply of no. 10 Towers for Vallesaccarda wind park (AV-Italy)
- Supply of 2 Separators Water-Vapour for the geothermal power station S.Martino (ENEL GEM)
- Supply of 2 Fluid washing reactors for the geothermal power station S.Martino (ENEL GEM)
- Supply of 2 Displacement flow meter for the geothermal power station S.Martino (ENEL GEM)
- Supply of 1 Separators Water-Vapour for the geothermal power station Larderello (ENEL GEM)
- Supply of 1 Fluid washing reactors for the geothermal power station Larderello (ENEL GEM)
- Supply of 2 Skids Chemical Dosing for Shoaiba evaporator. (REGGIANE)

In 2005:

- Supply of no. 3 Towers (Vestas) for Ulassai wind park (NU-Italy)
- Prfa external boiler process piping for the power station of Priolo. (ENEL)
- Supply of no. 12 Towers (Vestas) for Sidirokastro wind park (Greece)
- Supply of no. 20 Towers for Eos
- Maintenance pressure parts, c/o power station BR/sud (ENEL)
- Supply of no. 6 Towers (Vestas) for Ulassai extension
- Maintenance of Ventilator Booster Gr.1 (ENEL)
- Prfa external boiler piping for the power station of Rosignano (ENEL)
- Supply 2 Water pressure Vessel for Algeria (BENTINI)
- Prfa boiler piping Ras Laffan Gr.1,2 e 3 (ANSALDO BOILER)
- Prfa boiler piping for the power station of Santa Barbara (ANSALDO BOILER)
- Extraordinary maintenance on “Unloader” Costa Morena (ENEL)
- Supply of main structures for the new “Continuous coal unloader” Brindisi e Civitavecchia (ENEL)
- Supply of evaporator, brine heater e condensation cooler for Shoaiba st.2 – ph.2 (REGGIANE)
- Construction skid chemical dosing for Shoaiba st.2 – ph.2 (REGGIANE)
- Supply of no. 15 Towers for Poggio Imperiale wind park (FG-Italy)
- Supply of no. 10 Towers for Ciorlanowind park (CE-Italy)
- Supply of no. 2 Towers for Varese Ligure wind park (SP-Italy)
- Supply of no. 7 Towers for Vitalba wind park (PI-Italy)
- Supply of no. 10 Towers for Profitas Ilias

In 2006:

- Maintenance Turbine's Blade aux. Gr.2 CTE Enel BR Sud
- Prfa Piping in P11-P22-P91 Ras Laffan 2-3 (Ansaldo Boiler)
- Supply of no.90 towers supports for Vestas Italia
- Supply of N°2 Brine Heaters (200t/cad) for Taweelah B for Fisia Italimpianti

- Maintenance Booster Gas Desox plant BR-Sud (ENEL)
- Maintenance Adsorber And Staker Desox plant BR/Sud (ENEL)
- Supply of N°12 Foundations for towers V90-65M for Ricigliano wind park (SA-Italy)
- Supply of N°12 torri V90-65M for Ricigliano wind park (SA-Italy)
- Prfa Piping comm. 3018V1 – lots 1-2 for Torrevaldaliga Nord (Ansaldo Caldaie)
- Rebuilding belt conveyor c/o CTE BR-Sud (ENEL)
- Supply of N°3 Foundations for Towers V90-80M (Vestas) for Foiano wind park (BN-Italy)
- Supply of N°3 towers V90-80M-2MW (Vestas) for Foiano wind park (BN-Italy)
- Supply of N°3 Foundations for towers V90-80M (Vestas) for Foiano II wind park (BN-Italy)
- Supply of N°3 towers V90-80M-3MW (Vestas) for Foiano II wind park (BN-Italy)
- Supply of N°9 Foundations for towers V90-80M (Vestas) for Baselice wind park (BN-Italy)
- Supply of N°4 Towers V90-80M-3MW (Vestas) for Baselice wind park (BN-Italy)
- Supply of N°6 Towers V90-80M-2MW (Vestas) for Aksa Karakurt
- Supply of N°6 Towers MM82-80M IEC1As (Repower) for Monticelli wind park (FG-Italy)
- Supply of N°3 Towers V52-44M (Vestas) for Colle S.Maria wind park (FG-Italy)
- Supply of N°18 Foundations for towers V90-80M (Vestas) for Lecce wind park (Italy)
- Supply of N°120 Towers Supports
- Maintenance Boiler piping of power station Enel Bari
- Supply of N°10 Towers S88/80M for Martignano wind park (LE-Italy) for Suzlon Energy
- Supply of N°34 Towers V52-55M (Vestas) for Nulvi wind park (SS-Italy)
- Revamping Belt Conveyor della CTE Enel di Br-Sud
- Supply of N°1 Pressure Vessel Israel (Technip KTI).
- Supply of N°15 Towers V80-67M 2MW (Vestas) for Sebenova wind park
- Supply of N°20 Towers MM82/80M IEC1As (Repower) for Minervino wind park (FG-Italy)

In 2007:

- Supply of N°21 Towers MM82/80M IEC1As (Repower) for Pietramontecorvino wind park (FG-Italy)
- Supply of N°12 Towers V90-80M 2MW (Vestas) for Bisaccia wind park (PZ-Italy)
- Modify on site, of service platform of N°15 towers (Vestas) c/o wind park “EOS” Troia (FG).
- Fabrication portable milling-boring machine $\varnothing e=5.900$ mm”
- Maintenance and modify boiler sec.1-2-3-4 of power station Brindisi sud c/o Enel Produzione Spa
- Supply of N°4 Towers V90 2MW (Vestas) for Molinara wind park (BN-Italy)
- Supply of N° 2 Foundations V90 780645 (Vestas)for Molinara wind park (BN-Italy)
- Supply of N°5 Towers V90 2MW 780623 (Vestas) for IVPC Foiano wind park (BN-Italy)
- Supply of N° 5 Foundations V90 780645 (Vestas) for IVPC Foiano wind park (BN-Italy)
- Supply of N°9 Towers V90 2MW 780623 (Vestas) for IVPC Lacedonia wind park (AV-Italy)
- Supply of N°9 Foundations V90 2MW 780645 (Vestas) for IVPC Lacedonia wind park (AV-Italy)
- Supply of N°3 Towers V90 2MW 780623 (Vestas) for IVPC S.Marco dei Cavoti wind park (BN-Italy)
- Supply of N°8 Foundations V90 2MW 780645(Vestas) for IVPC S.Marco dei Cavoti wind park (BN-Italy)

- Supply of N°9 Towers V90-80M-2MW 780623 (Vestas) for Grottole 1 wind park (MT-Italy)
- Supply of N°9 Foundations V90 780645 (Vestas) for Grottole 1 wind park (MT-Italy)
- Supply of N°15 Towers V90-80M-2MW 780623 (Vestas) for Grottole 2 wind park (MT-Italy)
- Supply of N°15 Foundations V90 780645 (Vestas) for Grottole 2 wind park (MT-Italy)
- Supply of piping and fitting Hastelloy for maintenance 2007-2008 (Enel Purchase)
- Supply of N°12 Foundations V90 (Vestas) for Faeto wind park (FG-Italy)
- Supply of N°6 Towers V90-80M (Vestas) for Faeto wind park (FG-Italy)
- Construction and supply of 2 Roller's positioning pair (LPR90M) for TSM Brindisi
- Construction of 2 Roller's positioning pair (LPR90M)
- Supply of N°17 Foundations V52-65M (Vestas) for Acea Monte della Difesa wind park (SA-Italy)
- Supply of N°12 Towers V52-65M (Vestas) for Acea Monte della Difesa wind park(SA-Italy)
- Supply of N°15 Towers S88-80M (Vestas) for Akbuk (Turkey)
- Supply of N°24 Towers V90-80M-2MW (Vestas) for Campidano wind park (Italy)
- Supply of N°13 Towers MM82-80M for Mazara del Vallo wind park (TP-Italy)
- Supply of N°11 Towers MM82-80M for Mazara del Vallo wind park (TP-Italy)
- Supply of N°17 Towers MM82-80M for Ortona wind park (FG-Italy)
- Supply of N°16 Towers MM92-68,5M for Scampitella wind park (Italy)
- Supply of N°9 Towers MM82-80M for Minervino wind park (FG-Italy)
- Supply of N°21 Towers MM82-80M for Rocchetta wind park (FG-Italy)

In 2008:

- Supply of N°12 Foundations V90 for Lacedonia wind park (AV-Italy)
- Supply of N° 5 Towers V90-80M-3MW for Lacedonia wind park (AV-Italy)
- Supply of N°26 Foundations V90 for Ascoli Satriano wind park (FG-Italy)
- Supply of N°14 Towers V90-80M-2MW for Ascoli Satriano wind park (FG-Italy)
- Supply of N°12 Towers V90-80M-2MW for Ascoli Satriano wind park (FG-Italy)
- Supply of N°5 Foundations V90 for Ascoli Satriano 2 wind park (FG-Italy)
- Supply of N° 5 Towers V90-80M-3MW for Ascoli Satriano 2 wind park (FG-Italy)
- Supply of N° 21 Foundations V90 for IVPC Molise (Italy)
- Supply of N° 21 Towers V90-80M-2MW for IVPC Molise (Italy)
- Supply of N° 5 Foundations V90 for Ginestra (BN-Italy)
- Supply of N° 10 Towers V90-80M-2MW for Ginestra (BN-Italy)
- Supply of N° 2 Foundations V52-65M for Cresta del Gallo (AV-Italy)
- Supply of N° 14 Foundations V90 for Vallata 1 (AV-Italy)
- Supply of N° 5 Foundations V90 for Nersin
- Pipeline activities c/o power plant Enel Brindisi
- Supply of N° 20 Towers S88-80M for 2008 year
- Supply of N° 60 Towers S88-80M for 2009 year
- Supply n. 2 Steam Drum & n. 5 Aisi boilers for Rijeka (Croazia)
- Supply of N° 1 Tower V52-55M item 770657 for Caraffa 2 (CZ-Italy)
- Supply of 3 50 tons Roller's positioning pair (100tons for each pair)
- Supply of N° 4 Towers V52-49M item 770656 for Aquilonia (AV-Italy)
- Supply of N° 8 Towers V90-80M-2MW item 780623 for Vallata 1 (AV-Italy)
- Supply of N° 20 Towers MM92-80M for Ginestra (BN-Italy)
- Revamping combustion system Gr.2 – Power plant Enel Brindisi
- Supply of N° 10 Towers MM92-80M for Enel lot 1

- Supply of N° 8 Towers MM92-80M for Enel lot 4
- Supply of N°5 Foundations V90-80M-3MW item 780679 for Ascoli Satriano 2 (FG-Italy)
- Supply of N°5 Towers V90-80M-3MW item 780679 for Ascoli Satriano 2 (FG-Italy)

In 2009:

- Contruction of 8 Roller's positioning 50 tons
- Supply of N°7 Foundations V90-80M-2MW item 780645 for Ortona (FG-Italy)
- Supply of N°12 Towers V90-80M-2MW item 780623 for Ortona (FG-Italy)
- Supply of N°5 Towers V90-80M-3MW item 780679 for Ayldiz (Turkey)
- Mechanical activities on coal mills parts
- Supply of N°5 Towers MM82-69M for Mistretta (ME-Italy)
- Supply of N°7 Foundations V90-80M-2MW item 780645 for Eresou
- Supply of N°15 Foundations V90-80M-2MW item 780723 for Orites
- Supply of N°11 Towers V90-80M-2MW item 780623 for Eresou
- Supply of N°6 Towers MM92-80M for San Martino (CB-Italy)
- Supply of N° 20 Towers MM92-80M for Enel lot 3a
- Supply of N° 14 Towers MM92-80M for Enel lot 3b
- Pipeline activities c/o power plant Enel Brindisi
- Supply of N°17 Towers V90-80M-2MW item 797100 for Maida (CZ-Italy)
- Supply of N°2 Towers V90-80M-2MW item 797100 for Taranto (Italy)
- Fabrication of n. 2 MED evaporators 2500m3/day for Misurata (Libia)
- Repair of VAD fan impellers A/B gr. 4 – Power plant Enel Brindisi
- Supply of N°10 Foundations MM92-80M Enel lot 1
- Supply of N°8 Foundations MM92-80M Enel lot 4
- Supply of N°14 Foundations MM92-80M Enel lot 3b
- Maintenance and modify boilers sec.1-2-3-4 of Enel power station - Brindisi sud
- Supply of N°20 Foundations MM92-80M for Enel lot 3A
- Supply of N°25 Foundations V52-item 770676 for S. Basilio (CA-Italy)
- Supply of N°8 Foundations V90-80M-2MW item 780723
- Mechanical activities on coal mills parts for Edipower
- Supply of N°11 Towers V52-55M item 770657 for San Basilio (CA-Italy)
- Supply of N°21 Towers V90-80M-2MW item 797130

In 2010:

- Supply of N. 4 vane separators for Lardarello - Enel
- Supply of N°20 Towers MM92-80M for Savignano Irpino (AV-Italy)
- 156 Long Feets 1900 for Enel Project
- Revamping combustion system gr. 3 – Power plant Enel –Brindisi
- Supply of N. 6 Foundations item 780723 for Vestas
- Maintenance of N. 2 Floating pontoons for Brindisi Port Authority
- Supply of N. 13 Foundations item 780645 for Vestas
- Supply of N. 4 Foundations V52 - item 779644 for Vestas
- Supply of N. 18 Foundations MM92-80M for Savignano (AV)
- Supply of N. 18 Towers MM92-80M for Savignano (AV)
- Supply of N. 10 Towers V52-65M item 770644 for Vestas
- Supply of N. 10 Foundations V90-80M-3MW - item 780664 for Vestas
- Supply of structural steel for impact testing
- Repair of n. 6 towers sections for Cipro
- Supply of N. 14 Foundations - item 780738 for Vestas

- Supply of N. 6 Foundations – V80-78M-2MW - item 746975
- Scaffolding fabrication for ventilators and site assistance for Flame Spray
- Painting repair of n. 7 towers sections for Maida

In 2011:

- Partial replacement of pontoon's part (GLS – Fincosit)
- Supply of N. 6 Foundations 3.XM-80M for San Marco Project (Repower)
- Supply of N. 7 Towers+Adapter 3.XM-100M for Mazara Project (Repower)
- Activities for readiness of towers for shipment (Suzlon)
- Supply of n. 3 Towers LTW77 IEC 2A LM37,3 P2 H65 (Leitwind)
- Supply of n.1 Foundations for tower TE3109 (3MW) GL (Trevi Energy)
- Supply of N. 12 Foundations MM92-100M for Ascoli Deliceto Project (Repower)
- Mechanical activities on coal mills parts BR/Nord (Edipower)
- Chalk Filtration Plant for gropus 3 & 4 (Enel Produzione)
- Supply of N. 12 Towers MM92-100M for Ascoli Deliceto Project (Repower)
- Supply of N. 13 Towers 3.XM-80M for San Marco in Lamis Project (Repower)
- Repair of n. 3 tower sections MM82-80M for Minervino Project (Repower)
- Supply of H2O industrial tank – 800m3 (Enel Produzione)
- Pipeline activities - power plant Enel Brindisi (Enel Produzione)
- Supply of N. 36 Foundations MM92-80M for Ascoli Satriano Project (Repower)
- Supply of N. 36 Towers MM92-80M for Ascoli Satriano Project (Repower)
- Revamping combustion system Gr. 4 – Power plant Enel Brindisi (Enel Produzione)

In 2012 :

- Maintenance boilers Gr. 1-2-3-4 2012/2013 for Enel Produzione
- Revamping of caissons for pontoon RAVENSTEIN (Grandi Lavori Fincosit)
- Supply n° 9 towers and foundations MM92-80M for Pietragalla
- Supply n° 5 towers and foundations MM92-68,5M for Ariano Irpino
- Supply Brine Heater for Desalination plant – CTE Enel Brindisi Sud
- Supply n° 12 towers and foundations MM92-100M for Monteleone
- Supply n° 2 towers and foundations MM92-100M for Armo
- Supply n° 3 towers and foundations 3.2M-93M for Nurra
- Supply n° 4 towers and foundations MM92-80M for Rivoli Veronese

In 2013 :

- Supply Pre-Fermenter for Sanofi-Aventis BR
- Supply Evaporator for Yara Italia
- Completion works of the “Bacino DARIO” for Grandi Lavori Fincosit
- Removing the system load “Bertolotti” in Costa Morena/Brindisi for Impresa Luigi Notari
- Maintenance boilers Gr. 1-2-3-4 2012/2013 of Enel power station (Enel Produzione)
- Modification Conveyor coal N20-N21 in Cerano for FAM
- Supply 4 towers LTW77-65M for Leitwind
- Maintenance boilers Gr. 1-2-3-4 2013/2014 of Enel Produzione
- Beam welding for Grandi Lavori Fincosit
- Ri-MTG Bertolotti plant – Costa Morena (BR) for Enel Ingegneria e Ricerca
- Supply 2 towers LTW77-61,5M for Leitwind
- Supply of Fermenter F1 for Sanofi-Aventis
- Supply of principal chimney for Bukom for Sofinter

- Replacement equipments in P92 – TVN Civitavecchia for Enel Produzione
- Pipeline activities - power plant Enel Brindisi (Enel Produzione)
- Metal structure CSU for ILVA Taranto for Tenova
- Supply of Thermal Deaerator for Kazakhstan for SWS-Sofinter
- Collector for sea water for Enel Produzione

In 2014:

- Restoration of brine heater evaporator for Enel Produzione
- Mitigation hydraulic risk for Enel Production
- Working plates for Cowper fornace – ILVA Taranto for ANMAR
- Complex structure construction for isola produttiva and desox- Enel Produzione
- Top section tower LTW77-60M for Bagnoli – For Leitner SpA
- Tower LTW77-65m for Avigliano project- for Leitner SpA
- Supply of n. 2 SEP 101 A/B for Nuova Serrazzano plant for Enel Green Power
- Supply of panels Domes for Brindisi plant for Enel Servizi
- Supply of n. 5 foundations MM82- 80m –Torre di Ruggiero Project- for Senvion SE
- Supply of n. 5 towers MM82- 80m –Torre di Ruggiero Project- for Senvion SE
